

Hand-drawn architectural cross-section B-B of a window or door assembly. The drawing shows a multi-layered construction. On the left, there is a wall section with layers labeled "XPS ISOL. 35MM", "GYSO WASSERFOLIE", "ALU-BLECH 2MM", and "BAUSEITIGES BLECH DURCH SPENGLER". The main opening is a window frame with a wooden frame labeled "HOLZ 265x27". The frame is divided into two main sections: a top section with a height of 170 and a bottom section with a height of 130. The top section has a width of 416, with a note "~410 (BLECHSPICKEL)". The bottom section has a width of 142. The frame is secured with "ÖRTLICHES HOLZ 214x27" and "15". The window is filled with a material labeled "220". The bottom of the window is sealed with a material labeled "39 140 27 43". The right side of the window is a wall section with a height of 1590, a width of 1600, and a depth of 1630. The wall is made of brickwork. The drawing includes various dimensions and labels for materials and components.
